## *Welcome To our Swiss Exchange Community*

### **Our Vision:**

"We are the leading exchange organization between Switzerland and China empowering outstanding students to become integrators shaping economic, political and cultural relations between China and Switzerland"

### **Our Objective:**

- Promote a better economic, political and cultural understanding between Switzerland and China by supporting talented young people to become real integrators between the two countries
- Support Chinese students during their Master's Degree in Switzerland with non-financial and in some cases financial benefits (grants for specific projects).
